PROSPECTOR POOP

The never ending journal of the Prospectors Motorcycle Club

April / May, 2014

“You should do at least one thing every day that scares you.”

-- quote from Kurt Caselli

EFM: Our 2014 Easter Field Meet will be April 19 and 20 at Prospector Camp off of Hwy 395 across from the El Pasos. All the usual good stuff, plus...

We will be placing and dedicating the memorial plaque for Kurt Caselli on Saturday afternoon at 2:00 or 3:00 o'clock or thereabouts. We will also be placing and dedicating a memorial plaque for the Dudek family dog, Sally.

TOUR de LUCERNE: Doug took our club for a ride and this is his report >

On Saturday, February 22, 2014, a group of Prospectors did a final Tour de Lucerne / Johnson Valley before the Marines lock US out of the "Exclusive Use Area!" I wanted to see some of the great areas and landmarks one more time, and show some of the Kids what is there and what WE lost.

I laid out an 80 mile loop that started and ended at Soggy. We made the 80 mile loop not going back to the trucks.

We headed East and to the current Marine base boundary line, played in the sand dunes, up and around the Desert MC sand slide, through the cool canyons and little trails. We headed to the KX500 and found a few additions to the "ROCK!"... Some good people remembered by their friends! We headed north and out to Bessemer Mine, up the little washes and canyons while riding some great single track over to the petraglyphs and up to Rodman Mountain lookout.

Rodman Lookout really shows what we have lost!

We had a great day and saw some amazing sites and land that, most likely, we will never see again. I suggest anyone who wants to see this area to do it now, before it's too late and gone forever!

I have the GPS track I made before the ride if someone wants to do this ride. We made a couple of deviations, but if you know the area, it's no problem to make a few mods and see some of your own highlights. A great last look.

CLUB MEETINGS: Our next two meetings will be Tuesday evening, May 6 and June 3 at Kurt's Clubhouse, 4100 Stevely Avenue, Lakewood CA 90713. As always, our May meeting will feature club officer elections, and be sure to bribe and influence all the right people - corruption will not be reported but it will be graded. Next club newsletter will be mailed May 28 and will include results from the Hilltoppers and Shamrocks GP events.

STEVE HOPKINS: Our club president tells the story >

For those who could not make the New Years Field Meet, there was an injury. Steve Hopkins, AKA 'Stumpy', broke his hip while taking a soil sample on the way to the Pinnacles. He is at home, following all the doctor's orders. All the Prospectors would like to send him a Hello and wish him a speedy recovery.
