PROSPECTOR POOP

The never ending journal of the Prospectors Motorcycle Club

July / August, 2014

MOTOCROSS: Quail Canyon! Sunday, July 20th!

As you know, we are hosting Round 5 of the motocross series on July 20th at Quail Canyon, Gorman (same place as our GP). Please be in attendance to help us host this event - we will need caution flaggers and also a few people who can write quickly and accurately for the Lap Sheet Scoring Crew. Also be sure to read the enclosed letter from President Steve.

Practice! If you want to ride the motocross track Saturday all you have to do is pay \$5 to the State Parks ranger at the gate on your way in - this is a deal compared to other motocross tracks that typically charge \$25. Racing on Sunday - this is motocross and anybody can race, all you need is an AMA card (usually available for purchase or renewal at sign-up). 1-800-AMA-JOIN

Club Bar-B-Q Saturday evening! Mexican style, bring a side dish, salsa, chips, etc., if you would like to contribute. Club Bike Stands will be available for purchase, price to members is \$20, retail price is \$120, and President Steve has declared that this is "A Sweet Deal!!!"

CLUB MEETINGS: Our next three meetings will be Tuesday evening, July 1, August 5, and September 9, at Kurt's Clubhouse, 4100 Stevely Avenue, Lakewood CA 90713. Note that the September meeting will be one full week after Labor Day weekend. Next club newsletter will be mailed September 3 and will include basic info about our GP, which will be held November 1 and 2 this year.

VCMC QUALI-FIRE: The Ventura County MC Quali-Fire Enduro was held at The Ranch on May 18th and this was the first time in decades that the event was not held in the Hungry Valley area. Results in order of overall finish >

<u>Rider</u>	<u>Class Finish</u>
Jeremy Doerksen	7 th 250 A
Hana Hintz	1 st Woman C
Stacey Rauen	1 st Women B
Steve Rauen	5 th Masters A

Mike Hastings sent us some photos from the Kurt & Rich Caselli Memorial Dedication that was part of our Easter Field Meet this year and these are three of those photos. The top two were taken as the crowd was starting to assemble and the dedication was very well attended. If you look closely at the bottom photo you can see the Prospector just above the name Caselli. This is more easily seen on a computer monitor looking at the jpeg image, and (as always) if there are any images in any of our newsletters that you would like to have sent to you all you have to do is send a request to the email address at the end of this newsletter.

LOGAN TWEET UPDATE: Our last newsletter reported that Logan crashed and broke his elbow at the Shamrocks GP and now we have the full story from his dad.

Logan's crash was in the West Coast GP race at the Shamrocks GP. He was leading the 200cc Intermediate class for the first 2 laps, then didn't come thru the pits on lap 3. Thanks to Michelle Doerksen and the scoring crew I got notice that he was down and they were calling for medical. Long story short he had fallen right after the rock pile and we were all hoping that the road rash was the only damage, but from the swelling and the pain we thought it was broken right off. As you can see from the x-ray it broke and separated pretty bad right below the elbow. He now has a plate and 6 screws and is doing good. The upside of the plate and screws is that it is very solidly attached so no cast was used, only a sling. A few more weeks and hopefully he's ready for therapy and can make it back for the next GP at the Ranch.

Ted

Ouch,

Tom Marshall
